Development of our people is key to our success. As a new maintenance Foreman, you will spend your first 6-8 weeks in our Foremen Training Program. This includes working with an onsite crew as you learn our safety program, field practices. Leadership principles and company culture:

Essential Functions:

- Leading DLC's safety culture and practices at your location for all DLC workers
- Execute and lead daily and weekly plans to achieve maintenance goals
- Communicating production goals (and other items of interest) with crew, supervisor, and customer
- Managing seasonal projects such as large-scale plant installation, pump station monitoring, construction-type landscape repairs, hardscape install, troubleshooting other concerns, etc

Job Skills/Requirements:

- Ability to plan and organize work, including creating/communicating/executing the work plan, while evaluating the risk and managing a safe operation
- Leadership of the SULU (speak up, listen up) safety program
- Employee training and development ability
- Prior experience with or ability to learn technology such as iPhone, and photo sharing
- Ability to work and make judgments independently
- Must be able to lead by example following DLC's core values (quality, efficiency, safety & teamwork).

Qualifications:

- 5+ years of experience in landscape maintenance
- Arizona Driver License and acceptable MVR record (39 months)
- ACLP & OPM certifications as well as irrigation skills are preferred
- You must be able to communicate effectively in both English and Spanish
- Knowledge and proper use of power and hand tools, lawn mowing and edging equipment

Physical Demands/Working Conditions:

- Able to lift 50 lbs. (Equipment, tools and supplies may need to be lifted, carried and/or pushed)
- Able to walk/stand for long periods of time
- Able to reach, bend, twist, kneel, stoop, squat, crouch and grasp along with repetitive movements may part of daily job duties

Environmental Factors:

- Contact with various plants, flowers and chemicals
- Must be able to work in summer and winter climates
